

CO-HOSTED BY:

ETHANOL: EMERGING ISSUES FORUM

Biofuel stakeholders and experts from across the nation will be in Omaha for the Ethanol: Emerging Issues Forum at the **La Vista Conference Center March 6-7, 2023**. Partner with the [Nebraska Ethanol Board](#) and [Renewable Fuels Nebraska](#) by sponsoring this 17th annual event, which brings together ethanol producers and others integrally involved in production, technology, policymaking and marketing of biofuels and its co-products. This is your opportunity to personally connect with forum attendees through in-person networking and direct marketing. Reconnect with existing customers, establish new relationships, increase sales and recognition, and demonstrate your dedication to the biofuel industry.
